

**CHEBOYGAN JUNIOR GOLF ACADEMY  
ANNOUNCEMENT REGARDING  
2020 GOLF CLINICS**

The Junior Golf Academy has concluded that due to the continuing Covid-19 pandemic, it is forced to cancel the Junior Golf Clinics scheduled for 2020 at Cheboygan Golf and Country Club and Indian River Golf Club. It is unknown how long the Governor's Executive Order to stay at home will remain in effect. Although golf courses are now exempted to some degree from the Executive Order, social distancing and crowd control will be the best practice for some time. The Clinics, which in the past have been attended by approximately 100 kids, teachers and volunteers, create more of an exposure risk than is reasonable.

Although the Clinics will be cancelled, the remainder of the summer program will continue. Subject to the approval of the golf clubs, the JGA will offer all students who qualified for free golf course play last year, to play free again this season. The JGA will also assist juniors who want to join either golf course with the membership fees. We will also ask the golf courses to allow family time play on Sunday's after 3 PM where juniors play for free and adults play for \$20.00 each for play and carts. We will schedule a family time tournament in August.

Also, Juniors who have out-grown the clubs that JGA gave them upon completion of past programs can contact Pam Phipps for swaps to longer clubs. This exchange will be done on a first come basis for exchanges while clubs last.

These are difficult times for our sponsors and supporters. To show our support for our communities, the JGA will discontinue all fundraising efforts for the remainder of 2020. You have shown tremendous support for junior golf over the past 4 years. We thank you sincerely for that support and will not ask you for your continued support until 2021, when we will be back in full stride.
